

Einstein Toolkit Summer School 2021

Future of the Einstein Toolkit

Future of the Einstein Toolkit

New Physics in the ET

What can you almost but not quite do in the ET and have code of your own that does let you do it?

Future of the Einstein Toolkit

Contributing code

What do you see as hindrances for proposing your code to be included in the Einstein Toolkit?

Future of the Einstein Toolkit

CarpetX – hydrodynamics

CarpetX is the designated driver for the future ET, designed for faster / better radiation – magneto – hydrodynamics.

Future of the Einstein Toolkit

Expanding the user base

The Einstein Toolkit is for its user and by its users. How to engage with users and encourage active contribution.
